Pleasantville, NY, 10570

Dear Pleasantville Building Department:

The Westchester County Department of Planning requests your assistance in distributing the enclosed flyer and application to promote the *Lead Safe Westchester (LSW)* program. Westchester County recently received a grant from HUD to reduce lead-based paint, dust and other safety hazards in housing units of low and moderate income households. **Due to limited funding, LSW applications will be accepted and processed on a first-come, first-serve basis. Priority will be provided to households with occupants under 6 years old and pregnant women.** To participate, residents must meet certain income guidelines. LSW also looks to increase the quantity of affordable housing units within the County. Please urge the prospective applicant to **APPLY NOW!**

In Westchester County, more than 85% of the housing stock was built before 1978. Lead can be present on any painted surface, but it is most often found on windows, trim, doors, railings, columns, porches and outside walls. Surfaces that have been repainted may have layers of lead paint underneath. Many children are potentially at risk for lead related, lifelong learning disabilities, behavioral problems and other serious health issues.

If you have questions about the program, have a referral or host an event that LSW can participate in, please contact Kevin Thomas at (914) 995-4402 or email him at kqte@westchestergov.com. Thank you for your assistance.

Sincerely,

Kim C. Holland
Program Administrator
